

Registered pharmacy inspection report

Pharmacy name: Kamsons Pharmacy

Address: 97 Liscombe, Birch Hill, BRACKNELL, Berkshire, RG12 7DE

Pharmacy reference: 1028908

Type of pharmacy: Community

Date of inspection: 29/10/2025

Pharmacy context and inspection background

This community pharmacy is situated alongside other local shops in a residential neighbourhood of Bracknell. The pharmacy sells a range of over-the-counter medicines, and it has a busy NHS dispensing service. A home delivery service is available for people who can't easily get to the pharmacy themselves. The pharmacy supplies some prescription medicines in multi-compartment compliance packs to help support people to take their medicines safely. It also provides a number of other services including NHS Pharmacy First, vaccination services, and it has recently introduced a weight management service.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in October 2016.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.1

- The pharmacy team are not able to demonstrate easy access to standard operating procedures (SOPs). This means they may not be able to reference procedures when needed.

Standard 1.6

- The pharmacy generally maintains appropriate records. However, some records—such as the responsible pharmacist log and private prescription register have missing or inaccurate information. In addition, emergency supplies are not always processed in line with record-keeping requirements. This affects the reliability of the records.

Standard 2.2

- Team members are generally well trained and capable in their roles. However, the delivery driver hasn't received any formal training. A more consistent approach to training would help ensure all team members are fully supported.
