This community pharmacy is located in Cambridge city centre. It dispenses NHS and private prescriptions. And it sells medicines over the counter. It offers some NHS services such as Pharmacy First and the New Medicines service. And the pharmacy provides a prescription delivery service to some people in the local area.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in May 2016.

Standards that were met with areas for improvement

Standard 4.2

- The pharmacy does not always highlight prescriptions for some higher-risk medicines. This means it may miss opportunities to provide further advice to people receiving these medicines to help

them take their medicine safely.

Standard 4.4

- The pharmacy receives drug safety alerts and recalls, however it does not keep any records to show that they have been actioned. This makes it harder for the pharmacy to demonstrate it has taken the appropriate action in response to safety alerts and recalls.
