### Pharmacy context and inspection background

This community pharmacy is located in a largely residential area in Peterborough. Its main activity is dispensing NHS prescriptions, most of which it delivers to people's homes. It also provides NHS dispensing services to two care homes. The pharmacy offers New Medicine Service checks, the Pharmacy First service, and seasonal flu and Covid-19 booster vaccinations.

This was a desktop reinspection following a routine inspection of the pharmacy earlier in June 2025 where the pharmacy did not meet Standard 2.2. This reinspection focused on the Standard that wasn't met previously. Following the previous inspection, the pharmacy superintendent confirmed that a member of staff had been enrolled on the appropriate training for the role they were undertaking.
