Pharmacy context and inspection background

This pharmacy is located on a busy high street in Ilford. In addition to dispensing, it provides NHS services such as the New Medicines Service, the Discharge Medicine Service (DMS), the contraception service, the Pharmacy First service and COVID and flu vaccinations. It also offers a private mole scanning service and a range of private services via Patient Group Directions (PGDs). These include Human Papilloma Virus (HPV), Meningitis B, travel, chicken pox, pneumonia, shingles and some corporate required vaccinations.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in January 2016.

Overall outcome: Standards met

Required Action: None

Areas of good practice

Standard 1.2

- The pharmacy records any dispensing mistakes and regularly reviews them. It takes action from the reviews to help make its services safer.

Standard 4.2

- The pharmacy dispenses medicines into multi-compartment compliance packs safely and effectively. It keeps clear audit trails for this service, including when there is communication with prescribers about a person's medicines.
- The pharmacy effectively highlights information about higher-risk medicines awaiting collection so that, when the medicines are supplied, appropriate checks can be made and patients can be suitably counselled.
