Pharmacy context and inspection background

This pharmacy is on the ground floor of a large Boots store in the main shopping area of Portsmouth city centre. It dispenses people's prescriptions, sells over-the-counter medicines and gives health advice. The pharmacy also offers a range of other services including a private online doctor service, the NHS Pharmacy First service and hypertension case finding service. It also delivers some medicines to people who can't visit the pharmacy themselves.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in September 2017

Overall outcome: Standards met

Required Action: None

Areas of good practice

Standard 2.2

- The pharmacy actively encourages the development of its team members. It provides them with regular, planned training to keep their knowledge and skills up to date. It also helps to make sure

they complete it on time.

Standard 4.3

- The pharmacy makes good use of its scanning technology so that it has a full audit trail to confirm when medicines are supplied to people, and when given important advice about their medicines. This could be particularly helpful should any queries arise in the future.
