

Registered pharmacy inspection report

Pharmacy name: Boots

Address: 31-33 Palmerston Road, SOUTHSEA, Hampshire, PO5 3QQ

Pharmacy reference: 1031933

Type of pharmacy: Community

Date of inspection: 11/12/2025

Pharmacy context and inspection background

This pharmacy is a branch of Boots in the main pedestrianised shopping area of Southsea. It dispenses people's prescriptions, sells over-the-counter medicines and offers healthcare advice. It also offers a selection of other services such as NHS Pharmacy First and seasonal flu vaccinations in the late autumn and early winter.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in April 2018.

Overall outcome: Standards met

Required Action: None

Areas of good practice

Standard 2.2

- The pharmacy provides its team members with plenty of planned learning and development opportunities, which it monitors regularly and makes sure they are completed on time. It also makes it easy for them to access that training and actively encourages their development.

Standards that were met with areas for improvement

Standard 3.1

- The exterior appearance of the pharmacy has the potential to undermine public confidence in the profession of pharmacy and in the services provided from these premises. One of the shutters appears to be permanently closed, and its metal frames appear very rusty. There are several tote boxes in the windows whose sole purpose appears to be to catch water from leaks. The overall first impression on approaching the pharmacy is of dilapidation and a lack of investment in the premises.
