

Registered pharmacy inspection report

Pharmacy name: St. Nicholas Pharmacy

Address: 61 Canterbury Way, STEVENAGE, Hertfordshire, SG1 4LJ

Pharmacy reference: 1032303

Type of pharmacy: Community

Date of inspection: 04/11/2025

Pharmacy context and inspection background

This community pharmacy is located in a residential area in Stevenage. The pharmacy dispenses NHS and private prescriptions. And it sells medicines over the counter. It provides the NHS Pharmacy First and Contraception service. And it offers a prescription delivery service to some people in the local area.

This was a reinspection following an inspection in July 2025 where the pharmacy did not meet Standards 1.1 and 1.2. This reinspection focused on those standards which had previously not been met. Since the last inspection, the pharmacy has now got a full set of standard operating procedures (SOPs) which all team members have read and signed. And it has started recording and reviewing near misses so that it can take appropriate actions to help improve the quality of its service. The pharmacy has also made some further improvements. For example, it has reduced the clutter in the pharmacy to help project a more professional appearance. And the pharmacy now has a more stable team which means it is able to start providing a wider range of services. Team members now highlight higher-risk medicines so that people receiving these medicines are provided with relevant safety information. And the pharmacy has implemented a more robust date-checking process to help ensure that medicines it supplies are suitable for use.

Overall outcome: Standards met

Required Action: None

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Standard not inspected	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
