

# Registered pharmacy inspection report

## Pharmacy name: Pond Pharmacy

**Address: 59 High Street, CHISLEHURST, Kent, BR7 5AF**

**Pharmacy reference: 1032684**

**Type of pharmacy: Community**

**Date of inspection: 07/08/2025**

### Pharmacy context and inspection background

This is a community pharmacy on the High Street in Chislehurst. It provides NHS services such as dispensing prescriptions, the New Medicine Service, and the Pharmacy First service. It supplies medicines in multi-compartment compliance packs to some people who need this additional support. It provides seasonal flu and Covid vaccinations. And offers a supervised administration service for people taking certain medicines. The pharmacy delivers medicines to some people's homes. It offers a small range of over-the-counter medicines online via a third-party website. Enforcement action has been taken against this pharmacy, which remains in force at the time of this inspection, and there are restrictions on the provision of some services. The enforcement action taken allows the pharmacy to continue providing other services, which are not affected by the restrictions imposed.

This was an intelligence-led inspection following an inspection of another pharmacy (Catford Pharmacy) in March 2025. That inspection identified several issues relating to online sales of medicines and, since that inspection, the online sales from Catford Pharmacy had moved to Pond Pharmacy. This inspection focused on those Standards which had previously not been met at Catford Pharmacy in relation to the online sales (1.1 and 4.2). Pond Pharmacy has introduced improvements to the service and has a standard operating procedure for the online sales that the team member dealing with the sales has read. And it has a risk assessment for this service. However, there are still further improvements that the pharmacy needs to make to ensure the service is provided safely to people, as listed in the report.

**Overall outcome: Standards not all met**

## Required Action: Improvement Action Plan

Follow this link to [find out what the inspections possible outcomes mean](#)

### Standards not met

#### Standard 4.2

- The pharmacy does not always follow its own risk assessment for its online sales. As part of the risk assessment, the pharmacy has identified that some medicines require an email to the person to check if the medicine is appropriate. But the pharmacy does not yet send these emails out. So, the pharmacy is less able to show that a medicine was suitable for a person if there was a query.
- The pharmacy does not check people's identification before making a supply of a pharmacy-only medicine online. And it does not have a system currently in place to do so, apart from relying on the information from the third-party online service. This means that staff cannot check that a person ordering pharmacy-only medicines online is who they claim to be.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Standard not inspected	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Standard not inspected	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Standard not inspected	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Standard not inspected	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
1.8 - Children and vulnerable adults are safeguarded	Standard not inspected	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Standard not inspected	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Standard not inspected	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Standard not inspected	
2.4 - There is a culture of openness, honesty and learning	Standard not inspected	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Standard not inspected	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Standard not inspected	

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Standard not inspected	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Standard not inspected	
3.4 - Premises are secure and safeguarded from unauthorized access	Standard not inspected	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Standard not inspected	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

### Summary outcome: Standards not all met

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Standard not inspected	
4.2 - Pharmacy services are managed and delivered safely and effectively	<b>Not met</b>	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Standard not inspected	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Standard not inspected	

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Standard not inspected	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Excellent practice</b>	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
