Pharmacy name: Lomas Pharmacy

Address: 586-588 Ashton Road, Oldham, Greater Manchester, OL8 3HW

Pharmacy reference: 1033738

Type of pharmacy: Community

Date of inspection: 24/02/2025

Pharmacy context and inspection background

This community pharmacy is located on a main road on the edge of the town. Most people who use the pharmacy are from the local area and a home delivery service is available. The pharmacy dispenses NHS prescriptions, and it sells a range of over-the-counter medicines. It provides a seasonal flu vaccination service and some other NHS funded services including the Pharmacy First Service.

This was a full routine inspection of the pharmacy.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.1

- The pharmacy has standard operating procedures (SOPs) for the services provided, but these are not regularly reviewed. And some team members have not confirmed their understanding of the SOPs, this means they may not always work effectively or fully understand their roles and responsibilities.

Standard 1.2

- The pharmacy has procedures in place to deal with dispensing incidents and near misses, but these are not always followed, and team members do not always record their errors. This could make it harder for the team to review mistakes and identify any patterns or trends, and it could be missing out on opportunities to make the pharmacy's services safer.

Standard 2.2

- Team members have the right training for their roles, but ongoing training is not regular or structured, which could make it harder for them to keep their knowledge and skills up to date.

Standard 4.3

- The pharmacy generally sources, stores and supplies medicines safely. But it could improve the monitoring of the temperature of the medical fridge and better safeguard higher risk medicines requiring safe custody.
