Pharmacy context and inspection background

This community pharmacy is situated on a high street in the city of Preston in Lancashire. The pharmacy dispenses NHS prescriptions, private prescriptions and sells over-the-counter medicines. It also provides a range of services including travel vaccinations, seasonal flu vaccinations, and the NHS Pharmacy First service. The pharmacy supplies some people with medicines in multi-compartment compliance packs to help them take their medicines at the right time.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in November 2016.

Overall outcome: Standards met

Required Action: None

Areas of good practice

Standard 2.2

- Members of the pharmacy team complete regular learning each month using a structured e-

learning platform. Records of training are kept. This helps members of the team to refresh their knowledge and to help learn and develop new skills.

Standard 4.2

- The pharmacy uses technology effectively to improve the services it provides. Members of the pharmacy team are routinely prompted using electronic handheld devices to counsel people who take higher-risk medicines. Details of any counselling is recorded onto the device, and this is captured onto the person's record. This allows for clinical information to be available for future reference and follow up by all members of the team.

Standard 4.3

- The pharmacy has clear processes in place to manage its medicines and carry out regular checks they are fit for purpose. There are audit trails throughout the dispensing process and when medicines are supplied to people. And clear records are maintained which can be referred to in the event of a query or a concern.
