

# Registered pharmacy inspection report

## Pharmacy name: Cohens Chemist

**Address:** 69 Milkstone Road, ROCHDALE, Lancashire, OL11 1NT

**Pharmacy reference:** 1033875

**Type of pharmacy:** Community

**Date of inspection:** 24/04/2025

### Pharmacy context and inspection background

This community pharmacy is located in a residential area in Rochdale, close to a GP surgery. Most people who use the pharmacy are from the local area. The pharmacy dispenses prescriptions and sells medicine over the counter. The pharmacy offers additional services including the New Medicine Service, blood pressure monitoring and a substance misuse service. COVID-19 vaccinations are also available at set clinics throughout the week. The pharmacy also supplies some medicines in multi-compartment compliance packs to help make sure people take their medicines at the right time.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in September 2015.

**Overall outcome:** Standards met

**Required Action:** None

### Standards that were met with areas for improvement

#### Standard 3.1

- Due to the workload pressures, the team have fallen behind with keeping the dispensary tidy. This detracts from the professional image expected of a healthcare setting.

## **Standard 4.2**

- The pharmacy provides medicines in multi-compartment compliance packs to help people take their medicines correctly. But they do not routinely provide patient information leaflets. So people may not always have up-to-date information about their medicines.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public
