

# Registered pharmacy inspection report

## Pharmacy name: Asha Pharmacy

**Address:** 3 The Parkway, LEICESTER, Leicestershire, LE5 2BB

**Pharmacy reference:** 1034128

**Type of pharmacy:** Community

**Date of inspection:** 20/05/2025

### Pharmacy context and inspection background

This community pharmacy is in a row of shops in a Leicester suburb. Its main activity is dispensing NHS prescriptions. It also sells medicines over the counter and offers the NHS Pharmacy First service and Hypertension case-finding service. It provides seasonal flu and Covid 19 vaccinations and supplies medicines in multi-compartment compliance packs to some people who need this support to help them take their medicines at the right time. It also supplies medicines to some people receiving substance misuse treatment.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in April 2015.

**Overall outcome:** Standards met

**Required Action:** Improvement Action Plan

### Standards that were met with areas for improvement

#### Standard 1.2

- The pharmacy team talk about the dispensing mistakes they make to try and learn from them. But because they don't make records or review these mistakes they do not fully have the

opportunity to spot patterns or trends or take effective action to help prevent the same sort of things happening again.

### **Standard 4.3**

- The pharmacy team members date check medicines to make sure they are safe to use. And they store medicines in their original containers. But not all opened bottles of liquid medications with a shorter expiry date once opened are marked with the date of opening. And they don't always record the maximum and minimum fridge temperatures to show that medicines that require cold storage are kept within the required range. This means that it is more difficult for the team to know if they are still fit for purpose.

### **Standard 4.4**

- The pharmacy receives alerts for the recall of medicines and medical devices. But it does not keep a record of the relevant action that it takes. This means that the pharmacy may not always be able to demonstrate how it responds to recall and safety notices.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	<b>Area for improvement</b>
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Met	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Met	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Met	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Met	

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Met	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Met	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	<b>Area for improvement</b>
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	<b>Area for improvement</b>

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Met	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Met	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Excellent practice</b>	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
