

Registered pharmacy inspection report

Pharmacy name: The Chief Cornerstone

Address: 4 Eastmead Avenue, GREENFORD, Middlesex, UB6 9RA

Pharmacy reference: 1034910

Type of pharmacy: Community

Date of inspection: 19/08/2026

Pharmacy context and inspection background

This is an independent community pharmacy located within a small row of shops and businesses in Greenford. It dispenses NHS and private prescriptions, and it sells medicines over the counter. The pharmacy supplies medicines to some people in multi-compartment compliance packs to help them take their medicines safely. And it provides a local prescription delivery service. The pharmacy offers some other NHS services such as Pharmacy First and the seasonal flu vaccination service.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in January 2025 where overall standards were met.

Overall outcome: Standards met

Required Action: Not Required

Standards that were met with areas for improvement

Standard 1.6

- Although the pharmacy generally keeps its records appropriately, its private prescription register is not always complete and does not always contain correct prescriber details. And the headers

are not always completed in its controlled drugs register. This could make it harder for the pharmacy to manage any queries associated with these records should they arise.

Standard 4.4

- The pharmacy receives drug safety alerts and recalls and actions these where required. However it does not keep a record to show what action it has taken. This could make it harder for the pharmacy to show it has taken the necessary steps to ensure medicines it supplies are always suitable for use.
