

Registered pharmacy inspection report

Pharmacy name: Sunbury Pharmacy

Address: 54 Beverley Parade, Nursery Road, SUNBURY-ON-THAMES,
Middlesex, TW16 6LG

Pharmacy reference: 1035142

Type of pharmacy: Community

Date of inspection: 20/02/2025

Pharmacy context and inspection background

This pharmacy is set on a small parade of shops in a residential area of Sunbury. The pharmacy opens five days a week. It sells medicines over the counter. And it dispenses people's prescriptions. The pharmacy supplies multi-compartment compliance packs to a few people who need help managing their medicines. And it delivers the NHS Pharmacy First service to help people who have a minor illness or need an urgent supply of a medicine.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in November 2015.

Overall outcome: Standards not all met

Required Action: Improvement Action Plan

Follow this link to [find out what the inspections possible outcomes mean](#)

Standards not met

Standard 1.1

- The pharmacy doesn't have written standard operating procedures (SOPs) that reflect all the activities it carries out. The SOPs it does have, haven't been reviewed for many years and haven't

been signed and reviewed by the current superintendent pharmacist. And members of the pharmacy team don't always follow the SOPs they have signed. This means the pharmacy can't demonstrate that its team members always work safely and effectively.

Standard 4.4

- The pharmacy can't show what action it has taken about previous safety alerts and recalls. This means it can't demonstrate that it responds appropriately to safety alerts and recalls to ensure people only receive medicines which are suitable for use.

Standards that were met with areas for improvement

Standard 1.2

- The pharmacy sometimes keeps records of the mistakes its team members make. But it's not recording them consistently, so team members may miss some opportunities to learn from their mistakes.

Standard 3.1

- The pharmacy is dated and would benefit from a refit. Its premises are generally maintained to an acceptable standard. But there are some outstanding maintenance concerns with the pharmacy's flooring and lighting that haven't been acted on in a timely manner despite being raised by the pharmacy team. So, this could impact on the overall professional image of the pharmacy.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Standards not all met

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Not met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	Area for improvement
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Met	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Met	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Met	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Met	

Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	Area for improvement
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Met	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Met	

Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: Standards not all met

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Not met	

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Met	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Met	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
