Pharmacy context and inspection background

This is a community pharmacy in Nottinghamshire town of Carlton. Its main services include dispensing NHS prescriptions and selling over-the-counter medicines. It provides a range of NHS consultation services including Pharmacy First blood pressure checks and the New Medicine Service (NMS). It also offers seasonal vaccination services to people. The pharmacy supplies medicines in multi-compartment compliance packs to some people to help them remember to take their medicines. And it delivers medicines to people's homes. The pharmacy changed ownership in September 2024.

This was a full intelligence-led inspection of the pharmacy following information received by the GPhC. The pharmacy was last inspected in December 2016 and all standards were met.

Standards not met

Standard 1.6

- The pharmacy does not always enter the receipt and supply of controlled drugs in a timely manner into its register as required by law.

Standard 4.3

- The pharmacy does not have effective processes to ensure out-of-date medicines are removed from stock. And it does not identify and manage the risks of storing some medicines which it removes from their manufacturer's original packaging before dispensing them. So, it cannot be sure these remain safe to supply to people. Additionally, the pharmacy does not monitor its storage capacity for higher-risk medicines to ensure they are stored safely.
