

Registered pharmacy inspection report

Pharmacy name: Family and Friends Limited

Address: The Old Barn The Old Barn, Coker Close, Bicester, Oxfordshire, OX26 6DR

Pharmacy reference: 1035903

Type of pharmacy: Community

Date of inspection: 28/10/2025

Pharmacy context and inspection background

The pharmacy is in the same complex as the community hospital, a dental surgery and dispensing doctor's surgery. The complex is away from the pedestrianised shopping area in Bicester and the outlet village. It dispenses NHS and private prescriptions, sells medicines over the counter and gives health advice. The pharmacy services on offer include substance misuse, delivery, Pharmacy First, NHS 111, blood pressure case-finding, new medicine service and flu vaccinations for people aged 65+ years.

This was a reinspection following an inspection in February 2025 where the pharmacy did not meet Standards 1.1, 1.2, 1.6, 1.7, 1.8, 2.2 and 4.2. The pharmacy's written procedures are now more accessible for the team to refer to and there are systems in place for them to learn from their mistakes. The team members have undertaken training in protecting people's private information and they understand how they can safeguard the welfare of vulnerable people.

The records which the pharmacy is required to keep are not all complete and accurate. The pharmacy has not yet shown which accredited training one of the support staff has been enrolled on.

This reinspection focused on those standards which had previously not been met.

Overall outcome: Standards not all met

Standards not met

Standard 1.6

- The pharmacy does not keep all the records it needs to by law. It still maintains some controlled drug records on photocopied controlled drug register sheets stapled together. It also doesn't record all the necessary information required to comply with the law. Some responsible pharmacist (RP) records are incomplete and inaccurate. This means people can't be certain who was in charge of the pharmacy at any given time.

Standard 2.2

- The pharmacy has not shown what training and supervision is being undertaken or has been completed by the person preparing multi-compartment compliance packs. This is to help make sure team members have the appropriate skills for their role.
