Pharmacy context and inspection background

This pharmacy is situated in a residential area on a main road in Pontesbury, Shropshire. It dispenses NHS prescriptions, private prescriptions and sells over-the-counter medicines. It also provides a range of services including the NHS Pharmacy First service and ambulatory blood pressure monitoring (ABPM). And private services under patient group directions (PGDs) such as flu vaccinations, period delay treatment and acne treatment. The pharmacy also supplies medicines in multi-compartment compliance packs to some people to help them take their medicines at the right time.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in October 2015.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.6

- The pharmacy generally completes the records that it needs to by law but the responsible

pharmacist (RP) record and some of the private prescription records are incomplete or inaccurate. This could make it difficult for the pharmacy to respond to any queries or concerns.

Standard 4.3

- The pharmacy generally keeps a record of fridge temperatures, but this is not always consistent. This means the pharmacy may not identify temperature deviations in a prompt manner and take appropriate action.
