

Registered pharmacy inspection report

Pharmacy name: O'Flinn Pharmacy

Address: 77-78 Islingword Road, BRIGHTON, East Sussex, BN2 9SL

Pharmacy reference: 1036125

Type of pharmacy: Community

Date of inspection: 23/04/2025

Pharmacy context and inspection background

This is a community pharmacy in a residential area of Brighton. It mainly provides NHS services such as dispensing and sells medicines over the counter. It provides seasonal flu vaccinations and the Pharmacy First service. It supplies medicines in multi-compartment compliance packs to a large number of people who need this additional support. And it offers a delivery service.

This was a reinspection following an inspection in February 2025 where the pharmacy did not meet Standard 1.2. This reinspection focused largely on the Standard which had previously not been met. Since the last inspection, the pharmacy had put a system in place to record dispensing mistakes and there was evidence that staff were recording them.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 2.1

- The pharmacy has just enough staff to provide its services. Team members are coping, but they are under increased pressure. And there is limited capacity to plan for contingencies. For example, only one team member prepares the multi-compartment compliance packs which could cause issues if they were off work.

Standard 3.1

- The dispensary is generally clean and mostly tidy. But there are piles of boxes on the shop floor. Whilst these are in the corners of the shop and do not appear to represent a risk to patients, they make the pharmacy look less professional. And there is clutter on some of the worktops, but there is still enough space for team members to be able to dispense and check prescriptions.
