Pharmacy context and inspection background

This pharmacy is located in a row of shops in Crowborough, East Sussex. It dispenses people's prescriptions, sells over-the-counter medicines and provides health advice. It offers consultations and some medicines through the NHS Pharmacy First service. And offers some private services through Patient Group Directions, such as travel vaccinations and weight loss treatments. It dispenses some people's medicines in multi-compartment compliance packs to help them manage their medicines. And offers a delivery service to people locally.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in October 2016.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 4.3

- The pharmacy does not always store medicines in the original packaging and some of the

medicines on the shelves are not labelled with an expiry date and batch number. The Responsible Pharmacist explained that these were from mistakes made with compliance pack dispensing and gave assurances that they will be labelled appropriately. And that the stability of individual medicines will be considered going forward if storing medicines outside of the manufacturers packaging.
