Pharmacy context and inspection background

This pharmacy is located on a high street in Rotherfield, East Sussex. It dispenses people's prescriptions, sells over-the-counter medicines and provides health advice. It prepares medicines in multicompartiment compliance packs for people who need help managing their medicines at home. And offers consultations and some medicines through the Pharmacy First service. The pharmacy also offers private travel vaccinations through Patient Group Directions.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in October 2016.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.2

- The pharmacy did not have logs available to record dispensing mistakes that were identified before reaching a person (near misses). However, team members explained that informal

discussions with the pharmacist were had at the time the mistake was made to address any feedback and generate ideas to prevent future mistakes. The superintendent pharmacist printed a near miss record sheet during the inspection, and gave assurances that these will be recorded going forward.
