Pharmacy context and inspection background

This is a community pharmacy on a busy main road in the City of Brighton and Hove. It offers NHS services such as dispensing, the Pharmacy First service, contraception service, and New Medicine reviews. It provides a supervised administration service for people taking certain medicines. And it supplies medicines in multi-compartment compliance packs to people who need this additional support. The packs are usually dispensed by the company's offsite dispensing hub.

This was a desktop inspection following an inspection in June 2025 where the pharmacy did not meet Standard 2.2. This reinspection focused on that Standard which had previously not been met. Since the inspection, the pharmacy has provided evidence that it has registered the team member on an accredited course.
