Areas of good practice

Standard 1.2

- The pharmacy team members regularly share their mistakes, analyse them to identify things going wrong in the pharmacy and then learn from them. They also work to highlight mistakes from manufacturers and raise this to try and encourage changes. This helps them to make

changes to the way they work to make the services safer and more beneficial to people.

Standard 2.2

- The pharmacy actively encourages the development of its team members. It provides them with regular, planned training to keep their knowledge and skills up to date. It also encourages them to complete it by the required deadlines so they don't fall behind.
