

Registered pharmacy inspection report

Pharmacy name: Hawks Pharmacy

Address: Regent House, Hawks Road, KINGSTON UPON THAMES, Surrey, KT1 3DG

Pharmacy reference: 1036642

Type of pharmacy: Community

Date of inspection: 17/02/2026

Pharmacy context and inspection background

This is a small family-owned pharmacy in a residential area between Kingston-upon-Thames and New Malden in Surrey. It dispenses people's prescriptions, sells over-the-counter medicines and offers healthcare advice. It provides a seasonal Flu vaccination service in the winter months and delivers medicines to people who can't visit the pharmacy themselves.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in June 2017

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.1

- Although the pharmacy has written standard operating procedures, It does not review them often enough. This means that they may no longer reflect the way the pharmacy's team members

carry out their tasks. This may make it more difficult for them to explain what they have done should any queries arise in the future.

Standard 1.2

- Although the pharmacy keeps records of the mistakes its team members make, they don't contain enough detail to show what they have learned or what action they have taken. This may make it harder for them to explain should any queries arise in the future.

Standard 1.6

- Although the pharmacy generally keeps the records that it is expected to, some of them are incomplete. Pages in the controlled drugs register aren't all clearly identified with the necessary headers. They also contain alterations where it isn't clear who made the changes, and why. This may make it more likely that things are entered in the wrong place and make it harder to resolve any queries that may arise.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	Area for improvement
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	Area for improvement
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	Area for improvement
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
