Pharmacy context and inspection background

This is an independently owned pharmacy on a busy main road near Sutton in Surrey. It dispenses people's prescriptions, sells over-the-counter medicines and offers healthcare advice. It also provides other NHS and private services.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in May 2016.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.1

- The pharmacy should do more to ensure the most up-to-date versions of its procedures, and some of its records, are easily available so its team members can refer to them when required. It should also ensure its responsible pharmacist record is complete at all times.

Standard 1.2

- The pharmacy should keep better records of what it learns from its mistakes and any changes it makes to help prevent the same things happening again. It should also review those records regularly so that it can identify any trends that may be present, and document those reviews.
