

# Registered pharmacy inspection report

## Pharmacy name: Milwards (Chemist) Ltd

Address: 65 Milehouse Lane, Cross Heath, NEWCASTLE, Staffordshire, ST5 9JZ

Pharmacy reference: 1036952

Type of pharmacy: Community

Date of inspection: 07/07/2026

### Pharmacy context and inspection background

This community pharmacy is located in a residential area on the edge of Newcastle-under-Lyme. Most people who use the pharmacy are from the local area and a home delivery service is available. The pharmacy dispenses NHS prescriptions, and it sells a range of over-the-counter medicines. It provides seasonal COVID-19 and flu vaccination services, and some other NHS funded services including the Pharmacy First Service. The pharmacy supplies some medicines in multi-compartment compliance aid packs to help people take their medicines at the right time.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in November 2015.

**Overall outcome:** Standards met

**Required Action:** Not Required

### Standards that were met with areas for improvement

#### Standard 1.6

- The pharmacy generally maintains the records required and governance arrangements for controlled drugs (CDs). Regular audits of the running balances of all CDs should be undertaken to ensure stock records remain accurate and discrepancies are identified promptly. In addition, private prescriptions for CDs should be submitted to the relevant authority in a timely manner each month to support compliance with requirements.

### **Standard 4.3**

- The pharmacy carries out daily checks on the temperature of its medical fridges, but it is not accurately recording the maximum and minimum temperatures of one of its fridges. This means that the pharmacy cannot demonstrate that medicines requiring cold storage are always stored at the correct temperature.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**
