Pharmacy context and inspection background

The pharmacy is in a row of shops within a residential area of Dunston, Gateshead. It dispenses NHS prescriptions, and it provides some people with medicines in multi-compartment compliance packs, to help them take their medicines. Pharmacy team members sell a range of over-the-counter medicines and provide services such as the NHS Pharmacy First service. And they deliver medicines to people's homes.

This was a reinspection following an inspection in April 2025 where the pharmacy did not meet Standard 1.2 This reinspection focused on the Standard which had previously not been met. The pharmacy has implemented a new system for recording any mistakes identified before people receive their medicines, known as near misses. And team members are now actively using this to record and learn from these, to help minimise the risk of repeating them.

Overall outcome: Standards met
