Pharmacy context and inspection background

This busy independent community pharmacy is situated in Bedworth, Nuneaton. It dispenses prescriptions and sells a range of over-the-counter medicines. And it offers the NHS Pharmacy First Service, Hypertension Case Finding service, New Medicine Service, Pharmacy Contraception Service, and seasonal flu and Covid-19 vaccinations. The pharmacy also supplies medicines in multi-compartment compliance packs to some people who need assistance in taking medicines safely at home.

This was an intelligence-led inspection of the pharmacy following information received by the GPhC. Not all standards were inspected on this occasion. The pharmacy was previously inspected in 2018, when it was under different ownership.

Standards that were met with areas for improvement

Standard 3.1

- The premises are secure and generally maintained to an acceptable standard. However, the dispensary has very limited clear space to be able to dispense and check medicines safely. There are items on the dispensary floor which are tripping hazards for team members. All this could impact the overall efficiency of the dispensing process. And it may increase the risk of dispensing mistakes or accidents.
