Pharmacy context and inspection background

This community pharmacy is located in a small parade of shops in a residential part of Tipton. It dispenses NHS prescriptions and sells medicines over the counter. The pharmacy provides additional services including a minor ailments scheme and seasonal flu vaccinations. A substance misuse service is also available. The pharmacy supplies some medicines in multi-compartment compliance aid packs, to help make sure people take their medicines at the right time. Medicines are also delivered to people's homes.

This was a reinspection following an inspection in May 2024 where the pharmacy did not meet Standards 1.1 and 1.2. This reinspection focused on those Standards which had previously not been met. The pharmacy had implemented a near miss log and its team members completed this on a regular basis when mistakes had been identified. Some reviews of mistakes had been completed and action had been taken to reduce the risk of similar mistakes happening again. A new set of Standard Operating Procedures (SOPs) had been introduced and reviewed by the director of the pharmacy to make sure they reflect the pharmacy's processes.

Overall outcome: Standards met

Required Action: None

Standard 1.1
