

Registered pharmacy inspection report

Pharmacy name: Dudley Road Pharmacy

Address: 425 Dudley Road, WOLVERHAMPTON, West Midlands, WV2 3AH

Pharmacy reference: 1038590

Type of pharmacy: Community

Date of inspection: 12/08/2025

Pharmacy context and inspection background

This community pharmacy is situated on a main road on the outskirts of Wolverhampton. The pharmacy dispenses NHS prescriptions, private prescriptions and sells over-the-counter medicines. It also provides a range of services including seasonal flu and COVID vaccinations, and the NHS Pharmacy First service. The pharmacy supplies medicines in multi-compartment compliance packs to some people to help them take their medicines at the right time.

This was an intelligence-led inspection of the pharmacy following information received by the GPhC. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in May 2017.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.2

- Pharmacy team members record the details of their mistakes. But the pharmacy does not keep a records to show how it reviews this information in order to identify any underlying patterns and trends. This means that some opportunities for learning may be missed.

Standard 1.6

- The pharmacy keeps the records it needs to by law. But sometimes information within the responsible pharmacist log is missing. So, it may not always be clear who is responsible for the safe and effective running of the pharmacy at a set point in time.

Standard 4.2

- The pharmacy's services are generally well organised. But team members do not always highlight prescriptions for higher-risk medicines. This means opportunities to provide counselling may be missed and it may increase the risk that a prescription could be supplied after its valid expiry date.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	Area for improvement
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	Area for improvement
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
