

# Registered pharmacy inspection report

## Pharmacy name: Well

**Address:** 2 The Mound, Mottingham, LONDON, SE9 3AZ

**Pharmacy reference:** 1040810

**Type of pharmacy:** Community

**Date of inspection:** 31/03/2025

### Pharmacy context and inspection background

This is a community pharmacy located within a parade of shops in a residential area of Southeast London. In addition to providing NHS dispensing services, the pharmacy provides the Pharmacy First Service, blood pressure checks, and flu and Covid-19 vaccinations. It also supplies medicines in multi-compartment compliance packs to some people who live in their own homes and need this support.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in July 2015.

**Overall outcome:** Standards met

**Required Action:** None

### Standards that were met with areas for improvement

#### Standard 1.1

- The pharmacy has standard operating procedures (SOPs). But team members do not all know how to access individual SOPs. This may make it harder for them to refresh their knowledge on any SOP should the need arise.

## Standard 2.2

- Team members do the required training for their roles. But some of them have limited understanding of processes at the pharmacy, such as how to access some electronic records. This may make it harder for them to undertake their roles effectively.

## Standard 4.2

- The pharmacy generally provides its services safely. But it does not routinely highlight prescriptions for higher-risk medicines. So, it may be missing out on opportunities to provide additional counselling information to people taking them.
