Pharmacy context and inspection background

This is a community pharmacy located on a busy main road in Southeast London. Its main activity is dispensing NHS prescriptions. And it supplies medicines in multi-compartment compliance packs to some people who need help remembering to take their medicines at the right times. The pharmacy also offers the Pharmacy First service, New Medicine Service, needle exchange, substance misuse, the sexual health service, travel vaccines, and an anticoagulation clinic.

This was a desktop reinspection of the pharmacy following an inspection in April 2025 where the pharmacy was found to be not meeting standard 1.6 but was meeting the other standards. This reinspection focused on the standard which had previously not been met. Following the last inspection, the pharmacy had introduced regular stock audits and had retrained team members on record keeping.
