

# Registered pharmacy inspection report

## Pharmacy name: Lindsay & Gilmour Pharmacy Niddrie Mains

**Address:** 96 Niddrie Mains Road, EDINBURGH, Midlothian, EH16 4DT

**Pharmacy reference:** 1042714

**Type of pharmacy:** Community

**Date of inspection:** 13/07/2026

### Pharmacy context and inspection background

This is a community pharmacy located on a high street in a primarily residential area of Edinburgh. It dispenses NHS prescriptions and sells a range of over-the-counter medicines. The pharmacy also provides medicines to some people in multi-compartment compliance packs to help them take their medicines properly. Pharmacy team members provide other healthcare services including the NHS Pharmacy First Service.

This was a reinspection following an inspection in February 2026 where the pharmacy did not meet Standard 4.3. This reinspection focused on those Standards which had previously not been met. Since the last inspection, the pharmacy follows a robust process to check expiry dates for its stock medicines and has removed short-dated and out-of-date medicines from its shelves. The pharmacy has also acted on an areas for improvement identified during the last inspection. The pharmacy now provides patient information leaflets to all multi-compartment compliance pack patients and additional team members are trained to dispense these packs, providing contingency during unplanned absences.

**Overall outcome:** Standards met

**Required Action:** Not Required

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

**Summary outcome: Not assessed**

Table 1: Inspection outcomes for standards under principle 1

| Standard                                                                                                                                                                               | Outcome of individual standard | Area for improvement/<br>Area of good or excellent practice |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|-------------------------------------------------------------|
| 1.1 - The risks associated with providing pharmacy services are identified and managed                                                                                                 | Standard not inspected         |                                                             |
| 1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored                                                                                                 | Standard not inspected         |                                                             |
| 1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability                                                                             | Standard not inspected         |                                                             |
| 1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate | Standard not inspected         |                                                             |
| 1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided                                                                                  | Standard not inspected         |                                                             |
| 1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained                                                                                        | Standard not inspected         |                                                             |
| 1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services                                              | Standard not inspected         |                                                             |
| 1.8 - Children and vulnerable adults are safeguarded                                                                                                                                   | Standard not inspected         |                                                             |

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

| Standard                                                                                                                                                                                              | Outcome of individual standard | Area for improvement/<br>Area of good or excellent practice |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|-------------------------------------------------------------|
| 2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided                                                                  | Standard not inspected         |                                                             |
| 2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training | Met                            |                                                             |
| 2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public                  | Standard not inspected         |                                                             |
| 2.4 - There is a culture of openness, honesty and learning                                                                                                                                            | Standard not inspected         |                                                             |
| 2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services                                                                 | Standard not inspected         |                                                             |
| 2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff                                                      | Standard not inspected         |                                                             |

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

**Summary outcome: Not assessed**

Table 3: Inspection outcomes for standards under principle 3

| Standard                                                                                                                 | Outcome of individual standard | Area for improvement/ Area of good or excellent practice |
|--------------------------------------------------------------------------------------------------------------------------|--------------------------------|----------------------------------------------------------|
| 3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided                      | Standard not inspected         |                                                          |
| 3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services | Standard not inspected         |                                                          |
| 3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided                        | Standard not inspected         |                                                          |
| 3.4 - Premises are secure and safeguarded from unauthorized access                                                       | Standard not inspected         |                                                          |
| 3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare               | Standard not inspected         |                                                          |

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

| Standard                                                                                                                                                                                                                        | Outcome of individual standard | Area for improvement/<br>Area of good or excellent practice |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|-------------------------------------------------------------|
| 4.1 - The pharmacy services provided are accessible to patients and the public                                                                                                                                                  | Standard not inspected         |                                                             |
| 4.2 - Pharmacy services are managed and delivered safely and effectively                                                                                                                                                        | Met                            |                                                             |
| 4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely | Met                            |                                                             |
| 4.4 - Concerns are raised when medicines or medical devices are not fit for purpose                                                                                                                                             | Standard not inspected         |                                                             |

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

**Summary outcome: Not assessed**

Table 5: Inspection outcomes for standards under principle 5

| Standard                                                                                                                                                                            | Outcome of individual standard | Area for improvement/<br>Area of good or excellent practice |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|-------------------------------------------------------------|
| 5.1 - Equipment and facilities needed to provide pharmacy services are readily available                                                                                            | Standard not inspected         |                                                             |
| 5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained | Standard not inspected         |                                                             |
| 5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services                                 | Standard not inspected         |                                                             |

### What do the summary outcomes for each principle mean?

| Finding                      | Meaning                                                                                                                                                 |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| ✓ <b>Good practice</b>       | The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services. |
| ✓ <b>Standards met</b>       | The pharmacy meets all the standards.                                                                                                                   |
| <b>Standards not all met</b> | The pharmacy has not met one or more standards.                                                                                                         |
