Pharmacy context and inspection background

This pharmacy is situated in a residential area of Kimmel bay, Rhyl. It dispenses NHS prescriptions, private prescriptions and sells over-the-counter medicines. It also provides a range of services including NHS Wales Sore Throat Test and Treat service, Discharge Medicines Review (DMR), Contraception Service and weight loss via a patient group direction (PGD). The pharmacy supplies medicines in multi-compartment compliance packs to some people to help them take their medicines at the right time.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in November 2015.

Overall outcome: Standards not all met

Standards not met

Standard 1.6

- The pharmacy does not maintain the records it needs to in line with requirements. Its records for higher risk medicines are not completed in a timely manner and it does not regularly check the balances of the medicines to make sure it is correct. This has led to discrepancies. It also does not

keep records for the supply of unlicensed medicines and records for private prescriptions are not always accurate. So it may not be able to appropriately respond to a concern or query regarding the supply.

Standards that were met with areas for improvement

Standard 3.2

- The pharmacy has a consultation room available to support private discussions. However, due to its size and layout, the room is not fully accessible for wheelchair users and the door cannot always be properly closed. This may make it harder for the pharmacy to consistently protect people's privacy and dignity when providing services in the consultation room.

Standard 4.2

- The pharmacy provides medicines in multi-compartment compliance packs to help people take their medicines. But they do not routinely provide patient information leaflets each time with their medicines. So, people may not always have up to date information about their medicines.
