Pharmacy context and inspection background

This is a branch of Boots located next to a GP practice in Eastbourne, East Sussex. It dispenses people's prescriptions, sells over-the-counter medicines and provides health advice. It offers consultations and some medicines through the Pharmacy First service. And also offers flu vaccinations during the autumn and winter seasons.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in April 2017.

Overall outcome: Standards met

Required Action: None

Areas of good practice

Standard 1.2

- The pharmacy keeps records of any mistakes, and team members document reflections to encourage learning. Monthly team huddles are used to discuss any trends or patterns in mistakes that are made, to establish areas for improvement. Action points are shared with the pharmacy

team and they carry out regular and frequent checks to make sure they are following the correct procedures.

Standard 1.8

- The pharmacy team are familiar with common signs of abuse, and are able to provide examples of safeguarding interventions that they have made and how they have resulted in positive outcomes for people.

Standard 4.1

- There is evidence that the pharmacy team have actively considered the demographic of people in the community and the possible barriers to accessing the pharmacy's services for these people. They have taken steps to overcome them, and they proactively work in partnership with other healthcare providers to improve outcomes for people in the community.
