Pharmacy context and inspection background

The pharmacy is located on a busy high street in North Finchley in London. The pharmacy dispenses NHS and private prescriptions. And it sells medicines over the counter. It supplies medicines in multi-compartment compliance packs to some people. The pharmacy provides the NHS Pharmacy First service. And it provides a delivery service to people who cannot get to the pharmacy.

This was a desktop inspection following an inspection in September 2024 where the pharmacy did not meet Standard 2.2 because a pharmacy team member had not been enrolled onto a relevant training course. This reinspection focused on the Standard which had previously not been met. The pharmacy has since registered the team member onto an accredited training course, and they have read and signed the pharmacy's standard operating procedures (SOPs) to help them work safely.
