

Registered pharmacy inspection report

Pharmacy name: Hampden Square Pharmacy

Address: 14 Hampden Square, LONDON, N14 5JR

Pharmacy reference: 1084576

Type of pharmacy: Community

Date of inspection: 20/03/2026

Pharmacy context and inspection background

This community pharmacy is located on a main road within a parade of shops. It dispenses NHS and private prescriptions. And it sells medicines over the counter. The pharmacy supplies medicines in multi-compartment compliance packs to some people. It offers the NHS Pharmacy First service and blood pressure check service. And it provides a prescription delivery service to people in the local and surrounding areas who cannot get to the pharmacy.

This was a reinspection following an inspection in February 2026 where the pharmacy did not meet Standards 1.2, 4.2 and 4.3. This reinspection focused on those standards which had previously not been met. Since the last inspection, the pharmacy has implemented a near-miss log to record mistakes so team members can learn from them and help make improvements to their practice. And it now has signed patient group directions (PGDs) in place for the services it provides. However, the pharmacy is still not storing all medicine requiring safe custody as per the requirements. And it cannot show that medicines requiring cold storage are always stored at the correct temperatures.

Overall outcome: Standards not all met
