## Pharmacy name: M.E.J Hingley & Co Ltd. Hingley Chemists

**Address:** Hollymoor Medical Centre, Manor Park Grove, Northfield,  
BIRMINGHAM, West Midlands, B31 5ER

**Pharmacy reference:** 1087819

**Type of pharmacy:** Community

**Date of inspection:** 18/02/2025

### Pharmacy context and inspection background

This community pharmacy is located next to a medical centre in Northfield, Birmingham. It dispenses prescriptions and sells a range of over-the-counter medicines. And it offers NHS Pharmacy First Service, substance misuse service, and seasonal Covid-19, and flu vaccinations. The pharmacy also supplies medicines in multi-compartment compliance packs to some people who need assistance in taking their medicines safely.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in 2018.

**Overall outcome:** Standards not all met

**Required Action:** Improvement Action Plan

### Standards not met

#### Standard 3.1

- The pharmacy's premises, in their current state, are not adequate for the provision of healthcare services. The dispensary is disorganised and cluttered. It has limited clear space to be able to dispense and check medicines safely. There are items on the dispensary floor which are tripping hazards for team members. All this is impacting the overall efficiency of the dispensing process. And it may increase the risk of dispensing mistakes or accidents.

## **Standards that were met with areas for improvement**

### **Standard 1.1**

- The pharmacy has written standard operating procedures but these have not been reviewed recently. This could mean that team members are not always following current best practice.

### **Standard 4.3**

- The pharmacy has systems in place to receive unwanted medicines from people. But it does not always store or dispose of these appropriately. This could increase the chances of undetected, unauthorised removal and could pose a health and safety risk.
