

# Registered pharmacy inspection report

## Pharmacy name: St Chads Pharmacy

**Address:** St. Chads Centre, 1 Lime Green Parade, OLDHAM, Lancashire, OL8 3HH

**Pharmacy reference:** 1089171

**Type of pharmacy:** Community

**Date of inspection:** 18/06/2026

### Pharmacy context and inspection background

This pharmacy is located in a shopping parade in Oldham. NHS dispensing is the main activity, and it also provides some other NHS services including smoking cessation, the New Medicine Service (NMS), and the seasonal flu vaccination service.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in December 2015.

**Overall outcome:** Standards met

**Required Action:** Not Required

### Standards that were met with areas for improvement

#### Standard 1.1

- The pharmacy has Standard Operating Procedures (SOPs) for the services it provides, but there are no review dates recorded to show the SOPs are being reviewed regularly. As a result, the pharmacy cannot be sure the procedures staff follow are still correct, up to date, or safe.

## Standard 1.2

- Members of the pharmacy team discuss mistakes when they are identified during the dispensing process, such as a near misses, to help learn from them. But they do not record details of the mistake or the actions they take. So they are unable to complete a review to help identify learning points from underlying themes, or demonstrate how they are improving the quality of the services they provide

## Standard 1.6

- The pharmacy generally keeps the records it needs to. But it does not carry out regular balance checks of its higher risk medicines or investigate discrepancies promptly. This means it may not be aware if mistakes have been made or if stock has been lost.

## Standard 4.3

- The pharmacy team carries out expiry date checks of its medicines to ensure they remain fit for purpose. But they do not keep records to show when this activity is completed. So there is a risk some medicines may be overlooked and missed.

## Standard 4.4

- The pharmacy receives alerts for the recall of medicines and medical devices. But it does not keep a record of the relevant action that it takes. This means that the pharmacy may not always be able to demonstrate how it responds to recall and safety notices.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	<b>Area For Improvement</b>
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	<b>Area For Improvement</b>
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	<b>Area For Improvement</b>
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Standard not inspected	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Standard not inspected	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Standard not inspected	

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Standard not inspected	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Standard not inspected	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	<b>Area For Improvement</b>
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	<b>Area For Improvement</b>

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
