

# Registered pharmacy inspection report

## Pharmacy name: Doncaster Gate Pharmacy

**Address:** Doncaster Gate Hospital, ROTHERHAM, South Yorkshire, S65 1DW

**Pharmacy reference:** 1089471

**Type of pharmacy:** Community

**Date of inspection:** 12/03/2026

### Pharmacy context and inspection background

This community pharmacy is next to two busy GP practices in a purpose-built health village close to the centre of Rotherham in South Yorkshire. Its main services include dispensing NHS prescriptions, selling over-the-counter medicines and providing advice to people. It provides NHS consultation services including Pharmacy First, blood pressure checks, contraception services, seasonal flu vaccinations, and the New Medicine Service (NMS). And it provides some private services including travel health and a weight management service. It supplies some medicines in multi-compartment compliance packs, designed to help people remember to take their medicines. And it offers a medicine delivery service.

This was a full intelligence-led inspection of the pharmacy following information received by the GPhC. The pharmacy was last inspected in March 2018.

**Overall outcome:** Standards met

**Required Action:** Not Required

### Standards that were met with areas for improvement

#### Standard 1.1

- The pharmacy has written procedures for its team members to refer to which help to ensure they provide pharmacy services safely. But the procedures do not contain information about who approved them for use and when they are next due for review. This makes it difficult to know who has overall responsibility for ensuring procedures are kept up to date and are regularly reviewed.

### **Standard 1.6**

- The pharmacy generally maintains accurate records. But responsible pharmacists (RPs) do not always sign out of the RP record to show when their responsibility ends. This may make it more difficult to identify who the RP was should a query arise.

### **Standard 4.2**

- The pharmacy provides medicines in multi-compartment compliance packs to help people take their medicines. But it does not routinely provide patient information leaflets when supplying medicines in this way. So, people may not always have up-to-date information to support them in taking their medicines safely.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	<b>Area For Improvement</b>
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Met	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	<b>Area For Improvement</b>
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Met	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Met	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Met	

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Met	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Met	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	<b>Area For Improvement</b>
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Met	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Met	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
