Pharmacy context and inspection background

This community pharmacy is within the grounds of a medical centre in Sheffield, South Yorkshire. Its main activity is dispensing NHS prescriptions and selling over-the counter medicines. It provides NHS consultation services including Pharmacy First, blood pressure checks, contraception services, and the New Medicine Service (NMS). It also provides a range of private services for people including weight management and ear care services. The pharmacy supplies some medicines in multi-compartment compliance packs, designed to help people remember to take their medicines. And it offers a medicine delivery service.

This was a reinspection following an inspection in October 2025 where the pharmacy did not meet Standard 4.3. This reinspection focused on the Standard which had previously not been met. The pharmacy has improved its storage arrangements for holding medicine waste and it appropriately safeguards these medicines from unauthorised access.
