Pharmacy context and inspection background

The pharmacy is in the town of Ellesmere Port, Cheshire. Its main services include dispensing NHS prescriptions and selling a range of over-the-counter medicines. It provides a range of NHS and private consultation services including a home delivery service, NHS Pharmacy First, NHS blood pressure check service and the NHS New Medicine Service (NMS). It supplies some people with their medicines dispensed into multi-compartment compliance packs. Some prescriptions supplied by the pharmacy are dispensed at an offsite hub pharmacy.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in January 2017.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 3.1

- The pharmacy premises are suitable for the services provided. Overall the team manages the

relatively small dispensing area appropriately. Although some floor spaces are somewhat cluttered. And some of the medicines are stored untidily without suitable separation of different strengths of medicines. This may increase the risk of mistakes being made in the dispensing process.
