Pharmacy context and inspection background

This community pharmacy is located in the town of Hethersett near Norwich. It provides a variety of services including the dispensing of NHS and private prescriptions, the sales of Pharmacy only (P) medicines and Pharmacy First service under patient group directions (PGDs). It also provides medicines in multi-compartment compliance packs for people who need additional support taking their medicines.

This was an intelligence-led inspection of the pharmacy following information received by the GPhC. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in July 2024 and all standards were met.

Overall outcome: Standards met

Required Action: Not Required

Standards that were met with areas for improvement

Standard 3.1

- The pharmacy has just enough space for the team to work in. But some areas of the pharmacy including parts of the floor and desktop areas are cluttered which could increase the risk of team members tripping and injuring themselves and prescriptions or medicines getting mixed up

leading to dispensing mistakes.

Standard 4.3

- The pharmacy has processes in place to deal with the collection and disposal of waste medicines. But collections are not frequent enough which is causing waste medicine bins to build up in the pharmacy. The team said more frequent collections would be arranged.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public
