Address: 3 High Street, Lavenham, SUDBURY, Suffolk, CO10 9PX

Pharmacy reference: 1091771

Type of pharmacy: Community

Date of inspection: 08/05/2026

Pharmacy context and inspection background

This community pharmacy is located in the village of Lavenham in Suffolk. It provides a variety of services including dispensing of NHS and private prescriptions, the sale of Pharmacy only (P) medicines, the New Medicines Services (NMS) and the Pharmacy First service under Patient Group Directions (PGDs). It also provides medicines in multi-compartment compliance packs to people who have difficulty taking their medicines from original packs.

This was a full inspection of the pharmacy. The pharmacy was previously inspected in May 2017.

Overall outcome: Standards met

Required Action: Not Required

Standards that were met with areas for improvement

Standard 1.2

- Team members can explain the steps they would take if they make a mistake when dispensing. But they do not routinely record near misses (mistakes spotted before a medicine leaves the pharmacy) that occur in the pharmacy, with no near misses seen being recorded for several

months. And team members are not always sure of the full process for dealing with dispensing errors (mistakes spotted after a medicine leaves the pharmacy). So, opportunities for learning maybe missed. However, the team confirmed that there had been no recent dispensing errors at the pharmacy.

Standard 3.1

- Some parts of the pharmacy are cluttered with boxes and bags on the floor which increases the risk of team members tripping or injuring themselves. But the pharmacy has enough space for team members to work in.

Standard 4.4

- The pharmacy receives safety alerts and recalls of medicines and medical devices and takes appropriate steps to action these. But team members do not keep records of the actions they take. So, this could make it difficult for the team to show what the pharmacy has done in response.
