Pharmacy reference: 1093289

Type of pharmacy: Community

Date of inspection: 11/06/2025

Pharmacy context and inspection background

This is a community pharmacy on a busy street in Brighton. The surrounding area is largely residential. The pharmacy provides NHS services such as dispensing, the Pharmacy First Service, and the New Medicine Service. It also provides a private travel clinic, using prescriptions issued by a company prescriber. It supplies medicines in multi-compartment compliance packs to people who need this additional support in taking their medicines. And these packs are usually dispensed by the company's dispensing hub. The pharmacy offers a delivery service to people's homes.

This was a routine inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in April 2017.

Overall outcome: Standards not all met

Standards not met

Standard 2.2

- The pharmacy does not ensure that its team members undertake the required training in a timely

way. Several team members have worked for the pharmacy for more than three months and have not yet been registered on the relevant training courses. This makes it harder for them to show they have the knowledge and skills they need to undertake their roles effectively.
