Pharmacy name: Cohens Chemist

Address: 11 Stevenson Square, ROCHDALE, Lancashire, OL12 9SA

Pharmacy reference: 1097484

Type of pharmacy: Community

Date of inspection: 16/09/2025

Pharmacy context and inspection background

The pharmacy is located in a shopping precinct in Rochdale. NHS dispensing is the main activity, and it also provides a number of other NHS services including Pharmacy First, the New Medicine Service (NMS), contraception, hypertension service and the seasonal flu and Covid-19 booster vaccination services. The pharmacy also provides a private weight loss service.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in December 2016.

Overall outcome: Standards not all met

Standards not met

Standard 1.6

- The pharmacy does not maintain accurate and complete records in accordance with regulatory requirements. The Responsible Pharmacist (RP) record contains omissions and inaccuracies, and the RP's name recorded as being on duty is not always correct. Additionally, some private prescription records are incomplete or inaccurate. These issues make it harder to rely upon the

records and could cause confusion about who was responsible or make it harder for team members to respond to any queries or concerns.

Standards that were met with areas for improvement

Standard 4.2

- The pharmacy provides medicines in multi-compartment compliance packs to help people take their medicines. The service could be more effectively managed by including medicine descriptions, adding cautionary and advisory labels, and routinely including packaging leaflets. This would help to ensure people have all of the information they need to take their medicines safely.
