Address: PO Box 2076, Lynstock Way, Lostock, BOLTON, Lancashire, BL6 4SA

Pharmacy reference: 1103343

Type of pharmacy: Closed

Date of inspection: 13/08/2025

Pharmacy context and inspection background

The pharmacy is situated in a closed unit and is the centralised dispensing location (hub pharmacy) for the company's other branches (spoke pharmacies). The pharmacy has an NHS contract as part of which it also supplies medicines directly to patients using a third-party courier service. The main business is the assembly of multi-compartment compliance packs and original pack dispensing for other pharmacies within the same company. The pharmacy has a website, <https://www.treatdiscreet.co.uk/> where people can access its pharmacist led prescribing service. It also sells a range of Pharmacy only (P) medicines via the website. The website offers prescription only medicines (POM) for a number of conditions, including weight loss and asthma.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in February 2016.

Standards not met

Standard 1.1

- The pharmacy provides services at a distance, such as treatments for weight loss and asthma. It has considered some of the risks associated with the service, such as verifying people's health information using NHS records. But it has not identified all of the risks or maintained a full risk assessment for the service or for each medicine supplied. So, the pharmacy may not be able demonstrate how it mitigates the risks in order to provide this service in a safe manner.

Standard 1.2

- The pharmacy has not completed an audit of its prescribing services. This makes it difficult to demonstrate that its written processes are followed and continue to be effective. And it cannot show the controls to reduce risk are sufficiently robust to protect people who use the pharmacy's services.
