

Registered pharmacy inspection report

Pharmacy name: Medical Specialists

Address: Westminster House, 49 Knowsley Street, BURY, Lancashire, BL9 0ST

Pharmacy reference: 1104466

Type of pharmacy: Internet / distance selling

Date of inspection: 04/11/2025

Pharmacy context and inspection background

This is a private pharmacy which provides its services to people through its website www.medical-specialists.co.uk. The website allows people to access the pharmacy's online prescribing service which offers prescription medicines for a wide range of conditions. The pharmacy mainly supplies medicines for the treatment of erectile dysfunction and menopause as well as medicines used for contraception and weight loss. People do not visit the pharmacy in person.

This was a desktop inspection following an inspection in February 2025 where the pharmacy did not meet Standard 4.2. This reinspection focused on those Standards which had previously not been met. Since the last inspection the pharmacy now access the National Care Records (NCR) which is used to verify people's medical history and changes had been made to some of the prescribing policies. It was now mandatory for people's regular prescriber to be notified when particular medicines were prescribed.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 4.2

- Prescribing decisions are currently based on questionnaires and records from the National Care Record (NCR) to help make sure prescribing is safe. But all patient contact is handled by the pharmacy team through email rather than directly with the prescribers. This increases the risk of miscommunication as important details may be lost or misunderstood when passed through intermediaries. And urgent concerns may not be escalated quickly enough. Without direct dialogue, prescribers may miss subtle information that could affect treatment decisions, making errors or delays more likely.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Standard not inspected	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Standard not inspected	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Standard not inspected	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Standard not inspected	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Standard not inspected	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
1.8 - Children and vulnerable adults are safeguarded	Standard not inspected	

Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Standard not inspected	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Standard not inspected

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Standard not inspected	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
