

# Registered pharmacy inspection report

## Pharmacy name: Kemsing Pharmacy

**Address:** 21A West End, Kemsing, SEVENOAKS, Kent, TN15 6PX

**Pharmacy reference:** 1104585

**Type of pharmacy:** Community

**Date of inspection:** 05/02/2025

### Pharmacy context and inspection background

This is a community pharmacy on a small parade of shops in a largely residential area on the outskirts of Sevenoaks. It provides NHS services such as the Pharmacy First service. It provides a seasonal flu vaccination service using a patient group direction. It supplies medicines in multi-compartment compliance packs to people who need this support. And it delivers medicines to some people's homes. And it supplies medicines in their original packs to one care home.

This was an inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in December 2015.

**Overall outcome:** Standards met

**Required Action:** None

### Standards that were met with areas for improvement

#### Standard 1.2

- The pharmacy identifies dispensing mistakes made during the dispensing and checking processes, but it doesn't currently record them. So, it may make it harder for team members to identify

patterns and take effective action and help minimise the chance of similar mistakes.

### **Standard 1.8**

- Team members have some awareness about how to safeguard vulnerable people, but not all team members have undertaken safeguarding training. This may make it harder for them to recognise and report any safeguarding issues.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**
