### Pharmacy context and inspection background

This community pharmacy is located in a residential area, in Stoke-on-Trent. The pharmacy dispenses NHS and private prescriptions. Its team members sell over-the-counter medicines and provide healthcare related advice. The pharmacy offers a few NHS services such as Pharmacy First, New Medicine Service (NMS) and blood pressure testing. The pharmacy also provides flu vaccinations.

This was a reinspection following an inspection in November 2025 where the pharmacy did not meet Standards 4.3 and 5.1. This reinspection focused on those Standards which had previously not been met. Following the last inspection, the pharmacy had made some improvements. It regularly checked the expiry dates of its stock medicines and kept a record to demonstrate this. And medicines were stored on shelves with appropriate labelling. Fridge temperatures were also being routinely checked and the pharmacy had purchased new measuring equipment.

**Overall outcome: Standards met**
