

# Registered pharmacy inspection report

## Pharmacy name: Asda Pharmacy

**Address:** Northfield Avenue, KETTERING, Northamptonshire, NN16 9HU

**Pharmacy reference:** 1105527

**Type of pharmacy:** Community

**Date of inspection:** 09/07/2025

### Pharmacy context and inspection background

This community pharmacy is within a supermarket in Kettering. It opens 9am to 9pm Monday to Saturday and 10am to 4pm on Sunday, with two 30 minute closures at lunch and teatimes. Its main activities are dispensing NHS prescriptions and providing other NHS services including Pharmacy First, Hypertension case-finding service and seasonal flu vaccinations.

This was a routine inspection which focused on those Standards most related to patient safety. Not all Standards were inspected on this occasion. The pharmacy was last inspected in 2015.

**Overall outcome:** Standards not all met

**Required Action:** Improvement Action Plan

### Standards not met

#### Standard 2.2

- A team member who has worked in the pharmacy for well over six months has not been enrolled on the required accredited training for the activities they undertake in the pharmacy.

## Standards that were met with areas for improvement

### Standard 1.2

- The pharmacy has processes to learn from mistakes. But its team members don't always record the mistakes that are spotted and corrected during the dispensing process or any learning points arising from these. This could mean opportunities to identify patterns or trends or share learning points with the rest of the team are missed.

### Standard 4.2

- Overall, the pharmacy provides its services safely. But it does not always highlight prescriptions for higher-risk medicines or controlled drugs. So, team members may be missing out on opportunities to provide additional counselling information or make checks to ensure the prescription is still valid.

### Standard 4.3

- The pharmacy keeps its stock securely and at the right temperatures. But it hasn't been keeping a record in recent months of when it date checks its stock. This makes it harder for the pharmacy to show this activity is being done regularly.
